UNIVERSAL EDUCATION AND TECHNOLOGY IN 21ST CENTURY (11 VOLS.)

2003. Hardcover. Book Condition: New. 3490 There has been significant change in education system with the rapid increase in the availability of computers among students. The role of a teacher changes as a coach, guide and an instructor. The introduction of information technology and communication is changing the delivery of education, changing the roles of students and teachers and producing a shift in society from industrialisation towards and education-based society. In fact higher education has immense potential to contribute to the...
