By Jimmy Longfellow

Lulu.com, United Kingdom, 2010. Paperback. Book Condition: New. 224 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Sex is a wonderful thing. To some it is an act of compassion or love. To others it is a physical act that fills an emotional, physical, or psychological need. Sex is defined by as; either of the two major forms of individuals that occur in many species and that are distinguished respectively as female or male especially on the basis of their reproductive organs and structures. My favorite definition regarding sex is taken from a quote by Anna Freud famously wrote that sex is something you do, sexuality is something you are. A gigolo is a man living off the earnings or gifts of a woman, especially a younger man supported by an older woman in return for his sexual attentions and companionship. I best define being a gigolo as a man who romances women for the money and favors they can do for him. I am more like a male concubine than a prostitute.
