

How to Worm Farm (Paperback)

By Robert Clifton

Createspace, United States, 2012. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Maybe you want to try something different, something unique to your area, or just something to gross out your neighbors! Worm farming is educational, beneficial to nature, and has a lot of potential in the market if you know how to push your product. This book will give you the insight and knowledge about what you really need to know about worm farming. When many of us think of worms, we think of the few pink earthworms that hang out in the garden, strolling through the soil and showing their faces after a heavy rain. We don't often stop to think about the history involved in these legless creatures. Some people even put these guys to work for profit and natural soil care through a process known as worm farming. It may come as a surprise to some that worm farming is beneficial to our environment. After some research into the topic it may be shocking to learn how important these hidden crawlers really are. There is more to them than just crawling through the garden. Not...
